Allowable Subject Matter

Claims 9-11 and 15-18 are allowed.

The following is an examiner's statement of reasons for allowance:

The primary reason for the indication of the allowability of claims 9-11, 17 and 18 is the inclusion therein of the limitation of "said seam of stitches formed along an inner surface of said cord cover" in combination with the other claim limitations. This limitation was neither disclosed nor taught by the cited prior art, alone or in combination.

The primary reason for the indication of the allowability of claim 15 is the inclusion therein of the limitation of "said seam of stitches formed along an inner surface of said cord cover" in combination with the other claim limitations. This limitation was neither disclosed nor taught by the cited prior art, alone or in combination.

The primary reason for the indication of the allowability of claim 16 is the inclusion therein of the limitation of "turning said cord cover inside-in by folding said first end of said cord cover around said second end of said deployment member and then pulling said cord cover over said outer surface of said deployment member toward said first end until said second end of said cord cover exits said second open end of said deployment member" in combination with the other claim limitations. This limitation was neither disclosed nor taught by the prior art, alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Note that in the Office Action filed 6/10/03, the indication of allowable subject matter was noted concerning claims 9 and 15. Regarding claim 16, in the Office Action filed 11/20/02, reasons for allowance were made concerning claim 16.
